Due to COVID19, we are still unable to provide an Exemplification with social gathering. Therefore, this will be a virtual Exemplification that will require candidates/Assemblies to possess a computer with access to the internet. Once the registration fee is paid, we will provide the candidate/Assembly with an access code for a Zoom Meeting that will allow the candidate into the Exemplification. There are several Assemblies that have candidates anxious for another Exemplification opportunity, so please don't delay if you have interested candidates. Assemblies are encouraged to plan "viewing parties" with senior leadership.
